

Pacific Werribee redevelopment opens

Probuild is proud to announce the completion and grand opening of the \$400M redevelopment of the Pacific Werribee fashion, food and entertainment centre.

The redevelopment has included the construction of over 100 new retail tenancies over three levels, alongside a new 45,000m² multi-deck car park, Gold Class Village Cinema, library, entertainment precinct and a number of speciality tenancies.

As part of this final stage of the upgrade, visitors will be able to access major brands like Myer, H&M, Uniqlo and other notable tenants such as Cotton On, Seed and Peter Alexander.

“From day one, continued public access to shops and services in the centre was critical. This presented a number of logistical challenges, which Probuild’s team has successfully managed with the centre owners The Pacific Group of Companies and Project Managers APP,” says Probuild Group Managing Director, Simon Gray.

“Probuild has a long and proud history of managing complex, logistically challenging and progressively staged projects like the Pacific Werribee redevelopment. Around 20 million customers have used the centre since construction started in 2014 – representing a major achievement for the redevelopment project,” says Mr Gray.

“We were incredibly proud to be completing Pacific Werribee ahead of schedule. This is a testament to the successful collaboration with our partners. Our approach gave us the flexibility needed to manage a live retail construction environment.”

The redevelopment of Pacific Werribee gives residents in Melbourne’s west access to a leading shopping centre in the heart of this rapidly growing community.

Work commenced on the redevelopment in March 2014 over which time Probuild:

- Employed more than 3,500 construction workers
- Laid around 30,000 tiles
- Recycled around 2,500 tonnes of waste
- Achieved a lost time injury (LTI) free outcome

As one of Australia’s largest and most successful construction companies, this grand opening completes another successful project in Probuild’s unmatched retail workbook.
